

Amendments to the Claims:

1. (Original) A fitting for attaching a louvre and/or a voile to a hanger comprising a one piece plastics moulding comprising two leaves, connected by a hinge moulded integrally between the two leaves.

2. (Original) A fitting as claimed in claim 1 comprising first means for supporting a louvre and second means for attaching a voile to the fitting.

3. (Cancelled)

4. (Currently Amended) A fitting as claimed in claim ~~2 or 3~~ wherein the voile attachment means allows the voile to be detached from the fitting.

5. (Original) A fitting as claimed in claim 4 wherein the voile attachment means comprises one or more releasable fasteners.

6. (Original) A fitting as claimed in claim 5 wherein the voile attachment means comprises at least one hook and loop fastener.

7. (Currently Amended) A fitting as claimed in claim ~~5 or 6~~ wherein the fastener is bonded to the fitting, preferably being provided with an adhesive backing.

8. (Currently Amended) A fitting as claimed in ~~any of claims 2 3 to 7~~ wherein the fitting is generally planar and the voile attachment means is provided on one or both faces of the fitting.

9. (Currently Amended) A fitting as claimed in ~~any preceding claim~~ 1 wherein the fitting comprises two parts which engage around the top of the louvre.

10. (Original) A fitting as claimed in claim 9 wherein the fitting extends substantially over the entire width of the louvre.

11. (Currently Amended) A fitting as claimed in claim 9 ~~or 10~~ wherein the said parts comprise leaves which sandwich the top of the louvre between them.

12. (Currently Amended) A fitting as claimed in ~~any of claims 9 to 11~~ wherein the two parts are hinged together.

13. (Original) A fitting as claimed in claim 12 wherein the fitting is a one piece plastics moulding with a hinge moulded integrally between the two parts.

14. (Currently Amended) A fitting as claimed in ~~any preceding claim~~ 1 further comprising means to attach it to a hanger.

15. (Original) A fitting as claimed in claim 14 wherein the hanger attachment means comprises an eye.

16. (Currently Amended) A fitting as claimed in claim 14 ~~or 15~~ wherein the fitting is provided with a recess in its upper end, and the hanger attachment means is arranged in or adjacent the base of that recess.

17. (Original) A fitting as claimed in claim 16 wherein the voile attachment means is arranged such that the voile extends across, and covers, the recess.

18. (Original) A fitting as claimed in claim 17 wherein the voile attachment means is provided on either side of the recess.

19. (Original) A fitting as claimed in claim 18 wherein the voile attachment means is also provided below the recess.

20. (Currently Amended) A fitting as claimed in ~~any preceding~~ claim 1 further comprising clip means for attaching the fitting to the louvre.

21. (Original) A fitting as claimed in claim 20 wherein said clip means is formed integrally with the fitting.

22. (Currently Amended) A fitting as claimed in ~~any preceding~~ claim 1 comprising one or more posts which extend through openings provided in the louvre to support the louvre.

23. (Original) A fitting as claimed in claim 22 wherein the or each post is at least part circular in section to avoid stress concentrations in the louvre.

24. (Currently Amended) A fitting as claimed in claim 22 ~~or 23~~ comprising two posts spaced apart.

25. (Original) A fitting for attaching a louvre to a hanger comprising a plurality of posts for extending through corresponding openings in the louvre to support the louvre.

26. (Cancelled)

27. (Cancelled)

28. (Cancelled)

29. (Original) A voile for attachment to a hanging fitting, said voile having releasable fastener means provided at spaced locations along its upper end to fasten opposed sections of voile together.

30. (Original) A fitting for attaching a louvre and/or a voile to a hanger comprising a one piece plastics moulding comprising two parts, connected by a living hinge.
